Current Park Conditions:

Several overnight backpacking campsites are closed in Boot Canyon, Colima, Toll Mountain, Juniper Canyon # 1 and Southwest Rim # 2 due to bear activity. The Chisos Mountains are home to a healthy Mexican Black Bear population, and fall rains resulted in abundant pine nut and oak nut production. Bears feed heavily during the fall in order to prepare for their winter denning period and these closures will give them the space and time they need to feed and will help keep our bears healthy and wild. Thank you for your cooperation and support!
